

Chocolate Raspberry Pound Cake

1 pkg chocolate cake mix, any variety	1/2 cup oil
1 pkg instant chocolate pudding mix	1 1/4 cups milk
1 pkg raspberry jello mix	3/4 cup raspberry jam
1/4 cup cocoa	1/2 container vanilla frosting
4 eggs	

Preheat oven to 350°. Grease and flour a bundt pan; set aside.

In large bowl, add cake mix, pudding mix, jello mix, cocoa, eggs, oil, milk and 1/2 cup jam. Mix 30 seconds until ingredients are moistened, then mix on medium for 2 minutes. Pour into bundt pan and bake 50-60 minutes or until it tests done. Cool 15 minutes in pan then invert onto cooling rack and cool completely.

When cake is cooled, move to a serving dish. Microwave vanilla frosting 10-15 seconds then stir until drizzling consistency. Stir in remaining raspberry jam; mix well, microwaving another 5 seconds at a time as needed to keep frosting smooth. Drizzle over cooled cake. Let frosting set up and serve.
