1 pkg strawberry cake mix
8oz container Cool Whip, thawed
2 eggs
Powdered sugar, for rolling

Beat together Cool Whip and eggs. Add the cake mix and stir together. Dough will be really thick. Chill in refrigerator for 30 minutes.

Preheat oven to 350. Spray a cookie sheet with cooking spray or use parchment paper.

Pour about 1/3 cup powdered sugar into a small bowl. Drop chilled dough by tablespoon or cookie scoop into powdered sugar and roll dough around until covered.
