

Pineapple Upside Down Cake

Submitted by Krista Bitner

- 1 pkg white or yellow cake mix
- ¼ cup butter
- ½ cup brown sugar
- 1 can pineapple slices, drained, liquid reserved
- 1 6-oz jar maraschino cherries, drained

Preheat oven to 350°.

Prepare cake mix according to package directions; you only need enough batter for one 9" round pan; set aside.

Melt butter in a 9" round pan. Stir in brown sugar and 2 tbsp reserved pineapple liquid. Arrange pineapple slices in brown sugar mixture. Put a cherry in hole of each pineapple slice. Pour batter on top.

Bake 45 minutes or until cake tests done. Cool in pan on wire rack 5 minutes. Loosen edges; turn out upside down onto serving plate.
