

Baked Apple Chips

2-3 apples (do not peel or core)
2 Tbsp sugar
1 tsp cinnamon

Preheat oven to 250°. Line 2 baking sheets with parchment paper (very important or the apple chips will stick!). Stir together sugar and cinnamon.

Using a sharp knife or mandolin, slice the unpeeled, uncored apples very thinly. Arrange them on baking sheets and lightly sprinkle with cinnamon-sugar mixture.

Bake apple slices for 1 hour, turn over, then bake another hour. Remove from oven and cool 5 minutes. Enjoy!
